

Unleash Your Brilliance: Gain Recognition and Global Exposure at Esteemed G20 Conferences and in Renowned G20 Proceedings

Unleash your potential: Gain recognition and worldwide exposure by presenting your research at prestigious G20 conferences, while enjoying the opportunity to publish in renowned G20 proceedings in multiple global languages. Embrace the flexibility of virtual or in-person presentations

Join us, scholars, scientists, industry professionals, and physicians, in shaping the future of affordable healthcare and medicine. Unleash your impact and be rewarded for your scientific, healthcare, and technological services through the prestigious G20 Event series and G20 Proceedings Publication.

Embarking on a global journey of innovation, the Abstract Submission and Presentation Guidelines set the stage for the prestigious Global Tech20 Summit, Pharma20 Summit, G20 Health20 Summit, and a selection of other remarkable conferences. These grand events transcend borders and time, captivating the world's attention in captivating cities such as New York City, London, Tokyo, Paris, Los Angeles, Istanbul, Shanghai, Beijing, Moscow, Sao Paulo, Cairo, Mexico City, Hyderabad, Chennai, New Delhi, Vizag, Sydney, Rio de Janeiro, Buenos Aires, Johannesburg, Dubai, Rome, Seoul, Amsterdam, Toronto, Hong Kong, Singapore, Berlin, Madrid, Kuala Lumpur, Bangkok, Vancouver, San Francisco, Chicago, Abu Dhabi, Barcelona, Washington D.C., Istanbul, Osaka, Prague, Milan, Jakarta, Stockholm, Copenhagen, Vienna, Athens, Warsaw, Helsinki, Brussels, Lisbon, Budapest, Dublin, Auckland, and Edinburgh. Unfolding throughout the year, these vibrant gatherings not only offer in-person experiences but also embrace the limitless possibilities of online participation. We may change or choose a nearby venue in the respective city depending on availability and cost constraints.

These details will be showcased regularly on the websites at least 30 days in advance.

The abstract submission and presentation guidelines are crucial for ensuring a fair and standardized evaluation process for award nominations. These guidelines provide a framework for applicants to effectively showcase their work and for selection committees to assess their qualifications.

Here are ten comprehensive guidelines to help applicants prepare their abstracts and presentations.

- 1. Word Limit and Biography:** The abstract should not exceed 1000 words, with a minimum of 200 words, while the biography should be within 200 words (minimum 50 words). Adhering to these limits allows for concise yet comprehensive submissions.
- 2. Images and Publications:** Applicants can include a maximum of three images, including their own photography. Additionally, they should provide a list of recent and relevant publications, ranging from a minimum of five to a maximum of 10. These references demonstrate the applicant's knowledge and expertise.
- 3. Abstract Structure and Formatting:** The abstract should be well-structured with clear headings and subheadings, facilitating easy navigation through different sections. Applicants must follow specified formatting guidelines for font size, margins, and spacing to ensure consistency and readability.
- 4. Content Clarity and Objectives:** The abstract should clearly convey the research or project's objectives in a concise and understandable manner. The methodology employed, including any innovative approaches, should be highlighted, and the results presented with relevant data and statistical analysis.
- 5. Significance to the Award:** Applicants must emphasize how their work aligns with the objectives and criteria of the specific award. It is essential to highlight how the research or project addresses the challenges or advancements sought by the awarding organization.
- 6. Language and Style:** The abstract should be written in clear and concise language, avoiding technical jargon that may hinder understanding. Proofreading is crucial to eliminate grammatical and spelling errors, ensuring a polished and professional presentation. Engaging and captivating writing style helps convey the applicant's enthusiasm and passion for their work.
- 7. Presentation Guidelines:** In addition to the abstract, applicants may be required to prepare a presentation that further elaborates on their research or project. Specific guidelines will be provided, including the format (e.g., oral or poster presentation), time limit, and content requirements. The presentation should

effectively communicate key findings and implications.

8. **Review and Evaluation:** An expert panel or jury will review and evaluate the abstracts and presentations based on factors such as scientific rigor, innovation, clarity of communication, and potential for practical applications. The guidelines ensure a consistent and fair evaluation process.
9. **Conference Presentations:** Successful candidates will be invited to present at respective pre-conferences, Global Tech20 Summits, Pharma20 Summits, G20 Health20 Summits, and other conferences held in major global cities throughout the year. Alternatively, online presentations may be arranged. A registration fee of \$399 USD will be required to cover conference costs.
10. **Publication and Proceedings:** Accepted presentations will be published in a reputed journal with a nominal publication cost of approximately from \$999 USD to \$1999 USD depending on the journal of publication. This allows for wider dissemination of the research and contributes to the applicant's academic and professional recognition.

Abstract Submission and Presentation Guidelines serve as a guiding light, illuminating the path for talented individuals to showcase their brilliance. As they navigate the captivating cities and engage in the exchange of knowledge, these guidelines ensure that excellence prevails, leaving an indelible mark on the global landscape of innovation.

Be a Part of the Distinguished G20 Community, Showcasing Your Research and Gaining Recognition in Global Conferences and Proceedings

For details on the list of venues and dates, please visit

Be a Part of the Distinguished G20 Community, Showcasing Your Research and Gaining Recognition in Global Conferences and Proceedings

We extend a cordial invitation to scholars, scientists, and physicians to actively participate in an endeavor that holds the potential to shape the future of affordable healthcare and medicine. Your invaluable research can make a remarkable impact in these vital areas.

We invite you to submit your research for presentation and publication in prestigious platforms such as the G20 Affordable and Accessible Health-care Summit series, Global Tech20 Summits, Pharma20 Summit series working group meetings, Pharma20 Summit series, digital health, and the esteemed G20 conference proceedings publications. By joining this distinguished community, you have the opportunity to earn recognition for your work while contributing to the esteemed G20 proceedings.

We seek research that focuses on promoting affordable and accessible healthcare, accessible medicine, and the practical application of your findings in the domains of science, technology, and medicine. This is an excellent opportunity to present your selected abstracts at the designated G20 conferences or through virtual presentations. Following these presentations, your work will be featured in the renowned G20 conference proceedings publication.

This is an excellent opportunity to present your selected abstracts at the designated G20 conferences or through virtual presentations. Following these presentations, your work will be featured in the renowned G20 conference proceedings publication.

We eagerly anticipate your participation and the valuable insights you will bring to this exceptional platform. Together, we can make significant strides in advancing affordable healthcare and medicine, ensuring their accessibility to all.

Regardless of Physical Presence, Showcase Your Work and Get Published in the G20 Event Series Proceedings, Available in Global 20 Languages

In the event that unforeseen circumstances prevent your physical presence at these events, we are pleased to offer a virtual presentation opportunity, ensuring that your work is still showcased. Additionally, your abstracts and articles will be published in the G20 event series proceedings, available in selected global 20 languages, and we will personally send your well-deserved award memento and reward certificate to your designated address.

READY TO BE INSPRIED

From visionary advice to motivating insights at the **GLOBAL TECH SUMMIT**
Catch up with our Award Winners and hear about the Future to Technology, where Science, Ideas, and
Innovation meet Technology

Young Scientist Award

Note: The minimum criteria required to nominate for the Young Scientist Award, France are 5 publications in reputed journals

Being honoured with the Young Scientist Award is a highly esteemed recognition which acknowledges and commends the outstanding achievements of young scholars in the realm of Medicinal Plants. This accolade affirms the extraordinary commitment and inventive investigations carried out by up-and-coming researchers who are making noteworthy progress in expanding our comprehension of their areas of expertise.

Best OCM Award

Note: The minimum criteria required to nominate for the best Reviewer Award are 5 publications in reputed journals.

The OCM (Outstanding Conference Management) award is given to individuals or organizations who have demonstrated exceptional organizational and management skills in planning and executing a conference. This award recognizes the efforts of those who have gone above and beyond in ensuring the success of a conference, including managing logistics, coordinating speakers, and facilitating networking opportunities. The OCM award is a testament to the recipient's dedication to ensuring that attendees have a positive and rewarding experience at the conference.

Best Research Paper Award

Note: The minimum criteria required to nominate for the best Research Paper of the Year are 10 publications in reputed journals

The distinguished Research Paper Award acknowledges an outstanding investigation of a published article from the previous year that has significantly contributed to the field of Medicinal Plants. The paper showcases innovative techniques and rigorous scientific inquiries, with the potential to enhance knowledge and improve comprehension of outcomes.

Best Speaker Award

Note: The minimum criteria required to nominate for the best Speaker Award are 10 publications in reputed journals.

The best speaker award is a highly coveted recognition bestowed upon individuals who have demonstrated exceptional communication skills and expertise in

their respective fields. This award is typically given to the speaker who has delivered the most engaging, informative, and impactful presentation at a conference. Winning the best speaker award can be a significant achievement for professionals as it acknowledges their expertise and provides them with an opportunity to gain visibility and enhance their credibility within their industry.

Best Poster Award

The Best Poster Award is a highly respected accolade that recognizes outstanding scientific work presented in the form of posters in the field of Psychology. This prestigious award acknowledges the innovative research, significant findings, and noteworthy contributions made by researchers in their respective areas of expertise. It commends individuals who have effectively conveyed their research through visually engaging and informative posters, effectively highlighting the key aspects of their work. By recognizing the best poster presentations, this award encourages the dissemination of cutting-edge knowledge, facilitates scientific exchange, and promotes collaboration among professionals in the Psychology field. The Best Poster Award in France for Psychology is a testament to the hard work, creativity, and scientific excellence of the recipients, and it contributes to the ongoing progress of their research within the country.

Best Keynote Speaker Award

Note: The minimum criteria required to nominate for the best Keynote Speaker Award are 20 publications in reputed journals.

The prestigious Psychology Keynote Speaker Award in France is an esteemed recognition that celebrates exceptional individuals who have made significant contributions to the field of Psychology through their thought-provoking and impactful keynote presentations. Recognizing their ability to inspire, educate, and drive progress in cancer research and treatment, this award highlights France's commitment to excellence in Psychology education. Join us in honouring the deserving recipients of the Psychology Keynote Speaker Award, shaping the future of cancer.
